## **DETAILED ACTION**

### ***Specification***

1. Applicant is reminded of the proper language and format for an abstract of the disclosure.

The abstract should be in narrative form and generally limited to a single paragraph on a separate sheet within the range of 50 to 150 words. It is important that the abstract not exceed 150 words in length since the space provided for the abstract on the computer tape used by the printer is limited.

2. Updating the status of U.S. Application No. 09/981,436 on page 1 of the specification is required.

### ***Claim Rejections - 35 USC § 112***

3. Claim 28 and 29 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 28 recites the limitation "said step of depositing said oxide layer" in line 3.

There is insufficient antecedent basis for this limitation in the claim.

In claim 29, line 2, "by one of the group consisting of " is unclear as to the scope of the claim (It is an improper Markush language).

***Allowable Subject Matter***

4. Claims 25-27 and 30-32 are allowed.

The following is an examiner's statement of reasons for allowance: The references of record do not teach or suggest a method comprising: etching away the oxide layer except where it overlies the trenches; thereafter first polishing away the oxide layer and a portion of the nitride using first slurry having low selectivity to nitride; removing the nitride; second polishing the oxide layer and a portion of polysilicon layer using a second slurry having high selectivity to polysilicon.

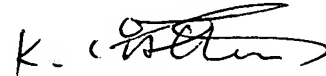

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kin-Chan Chen whose telephone number is (571) 272-1461.
